JOTHISHRI B

Frontend Developer â Chennai, India

jothishri03@gmail.com | github.com/Jothi-shri

EXPERIENCE

Web Developer, Navic (IITM-incubated startup) â **Nov 2025 to Present**

- React/TypeScript frontends for AMRs (Greeting, Shopping Assistance Robots)
- Real-time monitoring and control dashboards; reusable status/mission/nav components
- Live SLAM maps, LiDAR scans, battery and obstacle detection; responsive, cross-browser
- MQTT/REST telemetry integration with performance tuning under real-time load

PROJECTS

- Fleet Management Dashboard (React, Leaflet, FastAPI, MQTT, PostgreSQL, MongoDB)
- AMR Navigation System (React, Leaflet, Konva, Flask, SQL)
- SHOBOTFLOW no-code Docker deployment platform (React, Vercel)
- SaaS Workspace Platform (React 19, FastAPI, PostgreSQL, JWT) â live on Netlify

EDUCATION

BE Computer Science, Mahendra Institutions (affiliated to Anna University) â 2025

SKILLS

React, TypeScript, Vite, Zustand, React Router, Tailwind; Leaflet, Konva;
REST, MQTT, WebSocket, JWT; FastAPI, Flask, PostgreSQL, MongoDB; Docker, CI/CD
